Catalogo HOME

Tradizione e innovazione sono i due cardini su cui l'azienda Pascale Divani fonda il proprio know how. Divani che sono il risultato di oltre quaranta anni di esperienza e rappresentano tutto il sapere artigiano del nostro Paese e del nostro territorio: Matera.

Gli alti standard qualitativi sono da sempre implementati all'interno di un processo che va dall'ideazione alla produzione, attraverso il controllo e la gestione di tutte le fasi di realizzazione dei prodotti. In essi tradizione e innovazione si fondono e si riflettono in tutte le fasi della produzione, passando per un'attenta scelta delle materie prime e la cura di ogni particolare.

I divani Pascale sono un prodotto completamente Made in Italy e realizzati esclusivamente nei laboratori aziendali, attraverso l'ausilio di attrezzature moderne in cui si coniugano cura artigiana e innovazione tecnica.

Pascale Divani
Qualità italiana

Tradition and innovation are the keys which the company Divani Pascale founds its know-how on.

Sofas that are the result of over forty years of experience and represent all the hand-made knowledge of our country and our region: Matera.

High quality standards have always been applied in every stage of manufacture, starting with design, through production, all the way to the final quality control. Our unique blend of tradition and innovation imbues all manufacturing processes, thanks to a careful selection of materials and attention to every minute detail.

The combination of tradition and innovation reflects in all manufacturing processes, through a careful selection of raw materials and the caution for details.

Pascale sofas are made entirely in Italy, manufactured in the company workshops.

We use the most modern equipment, and our technological innovation is only exceeded by the ability and craftsmanship of our artisans.

BEACH COMPOSIZIONE E MATERIALI / COMPOSITION AND MATERIAL

STRUTTURA: legno di abete, multistrato e truciolare, ricoperto di poliuretano espanso.
SISTEMA DI MOLLEGGIO: cinghie elastiche.
IMBOTTITURA: poliuretano espanso ecologico ricoperto con falda 100% poliestere.
PIEDI DI SERIE: in metallo H 19 cm.
RIVESTIMENTO: pelle - tessuto - ecopelle.
POGGIATESTA: sollevabile.

STRUCTURE: fir wood, plywood and chipboard, covered in expanded polyurethane foam.
SPRING SYSTEM: elastic belts.
PADDING: eco-friendly expanded polyurethane foam covered with a layer 100% polyester.
STANDARD FEET: polished-metal feet 19 cm high.
COVER: Leather - Fabric - Imitation-leather .
HEADREST: liftable

MADRID

MADRID

SCHEDA TECNICA

COMPOSIZIONE E MATERIALI
STRUTTURA: legno di abete, multistrato e agglomerato di legno ricoperto di poliuretano espanso
SISTEMA DI MOLLEGGIO: cinghia elastica
IMBOTTITURA: POLIURETANO ESPANSO a densità differenziata ricoperto con falda di poliestere
PIEDI DI SERIE: in ABS H 6 cm
RIVESTIMENTO: pelle – tessuto – ecopelle
NON SFODERABILE
SEDUTA RELAX: disponibili solo nella versione motorizzata

COMPOSITION AND MATERIALS

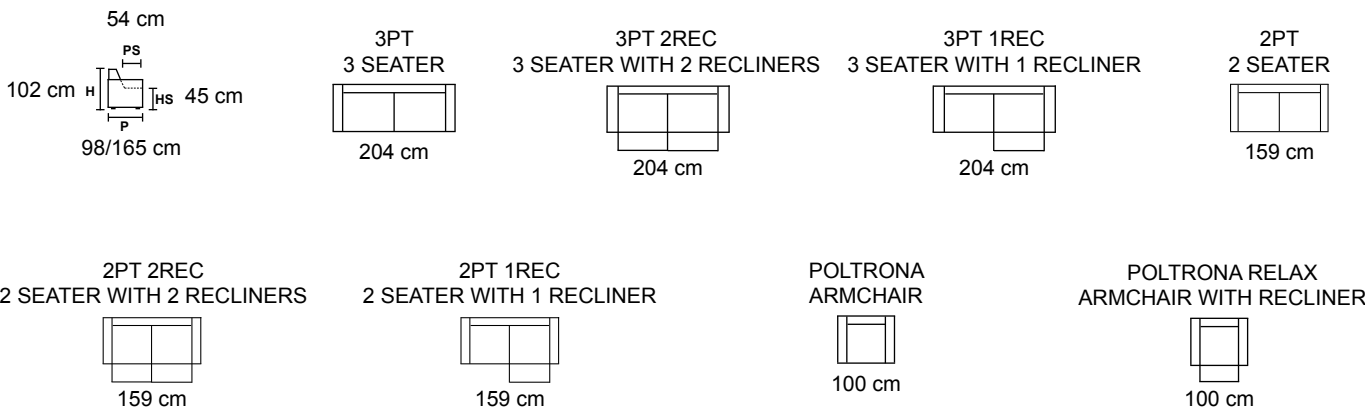

FRAME: Fir, plywood and agglomerated wood covered by a layer of polyurethane foam
SUSPENSIONS: Elastic crossed belts
PADDING: polyurethane foam with differentiated densities, covered by a layer of synthetic fiber
FEET: made with plastic, height 6 cm
COVERING: leather – fabric – imitation leather
covering is not removable
SEAT WITH RECLINER: available only with electrical motion

ARMREST CUSHIONS PADDING: polyurethane foam, covered by a layer of synthetic fiber
FEET: made with wood, height 4cm. Available with wenge color
COVERING: leather – fabric – imitation leather
covering is not removable
SEAT WITH RECLINER: available only with electrical motion
NOTE : Model equipped with mechanism for the headrest regulation

OSLO

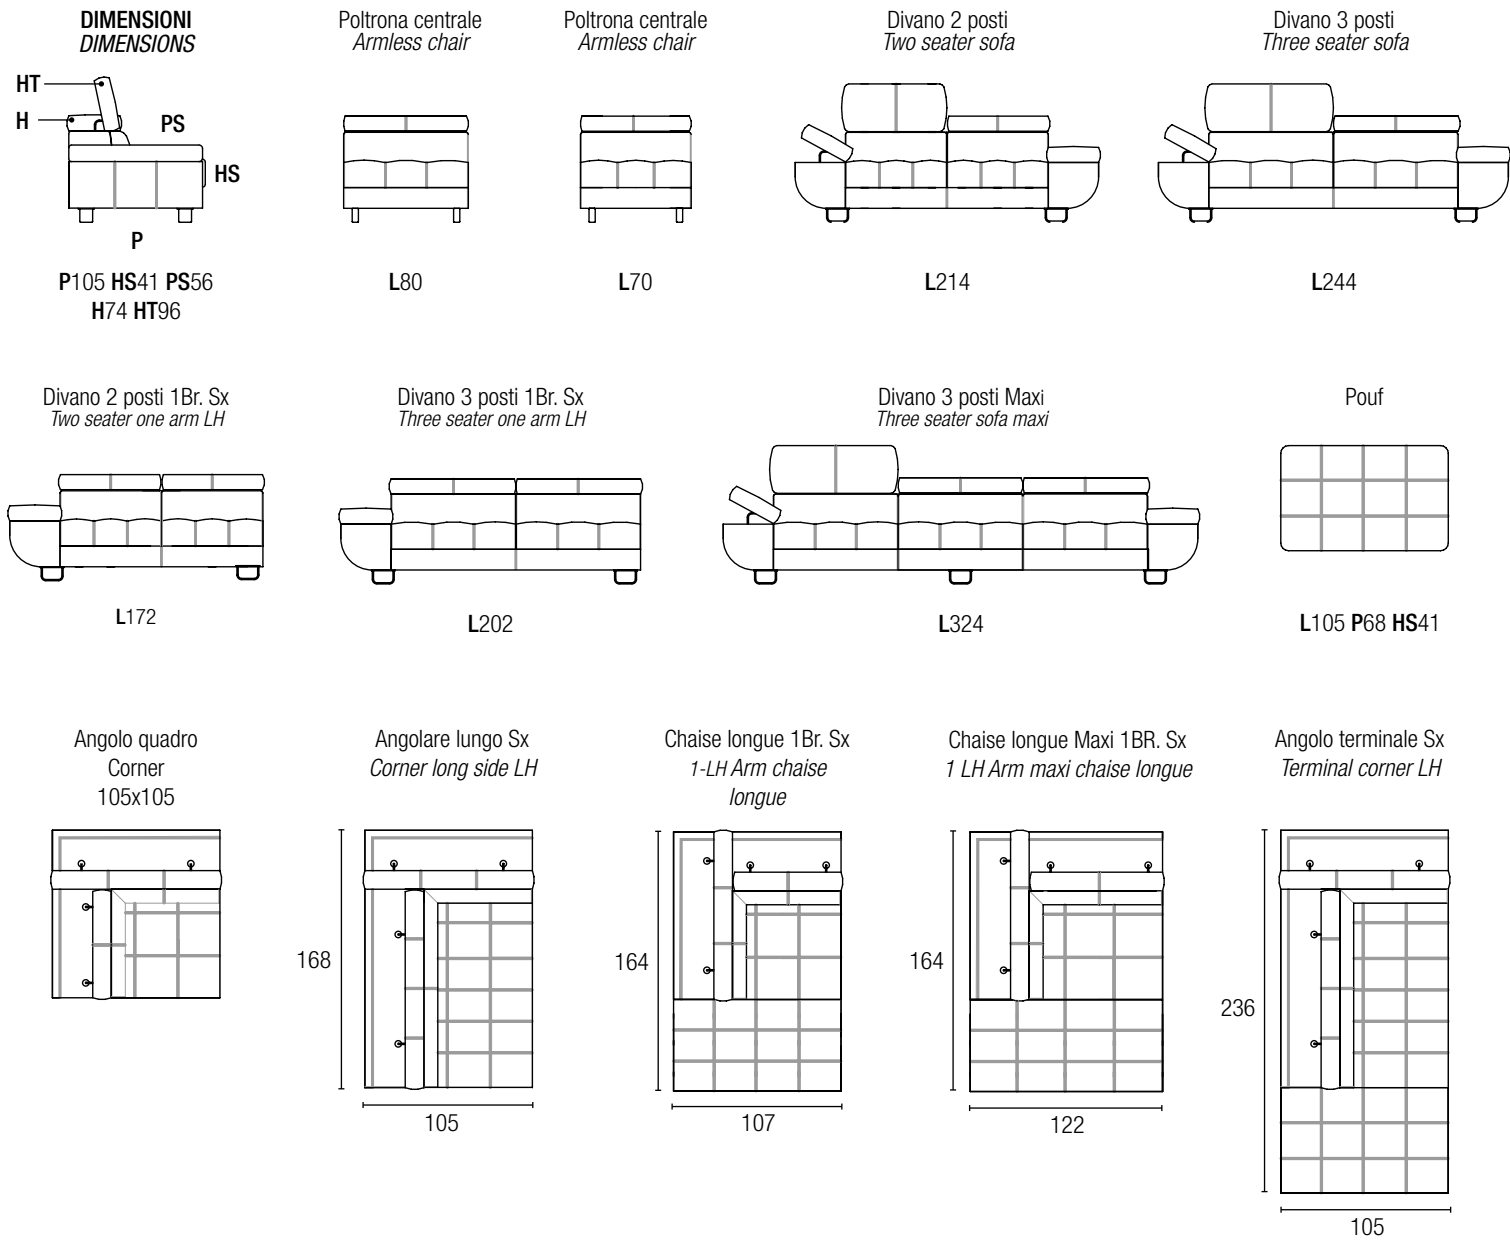

Oslo

OSLO COMPOSIZIONE E MATERIALI / COMPOSITION AND MATERIAL

STRUTTURA: legno di abete, multistrato e truciolare, ricoperto di poliuretano espanso.
SISTEMA DI MOLLEGGIO: cinghie elastiche.
IMBOTTITURA: poliuretano espanso ecologico ricoperto con falda 100% poliestere.
PIEDI DI SERIE: in metallo H 8 cm.
RIVESTIMENTO: pelle - tessuto - ecopelle.
POGGIATESTA: sollevabile.
BRACCIOLO: sollevabile.

STRUCTURE: fir wood, plywood and chipboard covered in expanded polyurethane foam.
SPRING SYSTEM: elastic belts.
PADDING: eco-friendly expanded polyurethane foam covered with a layer 100% polyester.
STANDARD FEET: Satin-finished metal 8 cm high.
COVER: Leather - Fabric – Imitation-leather .
HEADREST: liftable
ARMREST: liftable
